I have worked for the Clerk of the Superior Court for 34 years with the juvenile division.

In that time I have done account services part time from 1990 to 1993 at which time I took over the position on a permanant basis.

I process the Court ordered restitution and handle researching accounts to make sure payments are posted correctly. I have contact with the Court for clarifications, with the victims to explain the system to them and be able to refer them to the JPO or ADJC departments for them to be able to find out what is going on with the juvenile offender.

I process the civil judgments and satisfactions.

I also load the diversion restitution orders.

I'm the liason for many goverment agencies in regards to juvenile issues.
